Subject: request for citations of MDEQ 404 permits (issued or denied) on the Menominee River

Hi Amy and Kim,

I left you both a voice mail but thought I'd put this in an e-mail. Can you send me citations to 404 permits the state has issued for the Menominee River or its adjacent wetlands? They do not need to be permits EPA reviewed. I do need them to be 404 permits and preferably downstream of the Aquila Back 40 permit site, but I'll take ones upstream if that is all you have.

I am looking to provide citations to these permits (or denials) to DOJ for briefs they are preparing for the lawsuit the Tribe has brought against us and the USACE. I do not need copies of the permit.

Sorry for the short notice, but if we can get citations today that would be best.

Thanks, Kathy

P.S. I am asking as Melanie is on travel. Please cc Reg on your reply as he can forward the information to justice too. Thanks again.
